## ABOUT ZJU-UIUC INSTITUTE

The Zhejiang University-University of Illinois Urbana-Champaign Institute (the ZJU-UIUC Institute or ZJUI) is a cooperatively-run engineering college on the Zhejiang University (ZJU) International Campus in Haining, China. It breaks down boundaries between traditional engineering disciplines in order to cultivate multidisciplinary knowledge convergence and cross cooperation.

### *Zhejiang University (ZJU)*

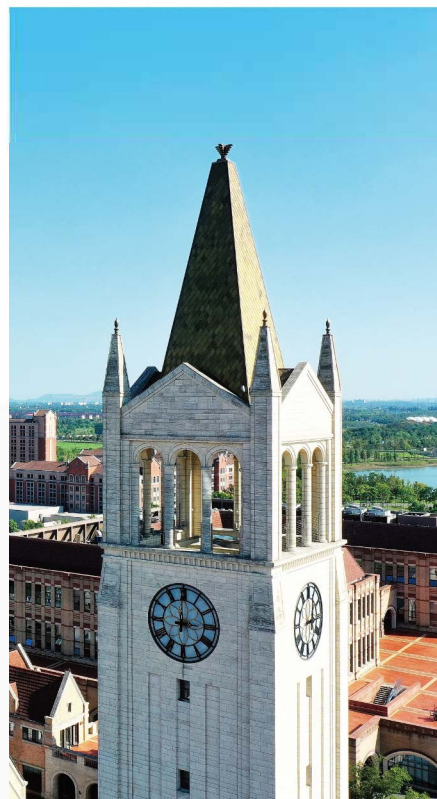

As one of China's top higher education institutions located in Hangzhou, Zhejiang University consists of 7 faculties and 39 schools. ZJU currently ranks among the top 3 universities in the Chinese mainland.

### *University of Illinois Urbana-Champaign (UIUC)*

Founded in 1867, the University of Illinois Urbana-Champaign has earned a reputation as a world-class leader in research, teaching, and public engagement. There have been 24 Nobel laureates and 27 Pulitzer Prize winners from UIUC faculty and alumni.

## FEATURE & STRENGTHS

### **State-of-the-art facility**

The ZJU-UIUC Institute based on the Zhejiang University International Campus, which combine the best practices of the east and the west. The International Campus locates in the city of Haining, which is conveniently situated between Shanghai and Hangzhou. It provides faculty and students with a first-class environment for living and learning.

### **Multicultural environment**

The International Campus emphasizes multicultural interactions. Students from different cultural background are mixed in Residential College and their life are fulfilled with various cultural activities. A trained multicultural support team is available on campus 24 hours a day. for more information: <https://residential.intl.zju.edu.cn/index.html>.

### **Top-tier cooperation, promising career prospects**

The ZJU-UIUC Institute offers English-based undergraduate engineering programs. The curricula follow those of both UIUC and ZJU, with strong emphasis on teamwork, creative problem solving, research project training and hands on laboratory instruction.

### **First class faculty team, elite education**

Faculty are recruited from top-tier universities that include Caltech, Cambridge, MIT, Tsinghua, UC Berkeley, UIUC, Yale, ZJU and many others, among which foreign faculty members account for around 50%. So far, we have 1 Member of U.S. National Academy of Engineering U.S, 1 Fellow of the Royal Academy of Engineering and 2 Members of the Academy of Engineering, Singapore.

# PROGRAM DETAILS

Programs	Duration	Expenses	Scholarship	Application Requirements
Electronic and Computer Engineering (ZJU Degree)	4 academic years in International Campus, Zhejiang University	Tuition: CNY 80,000 Per academic year	<b>ZJUI International Scholarship*</b> All international applicants will automatically be considered for the scholarship, which covers: Partial Tuition Waiver: CNY 32,000 per academic year	The admission team of ZJUI reviews the following as part of the first-year student application process: <ul style="list-style-type: none"> <li>SAT/ACT/A-level*/IB and other internationally recognized test results.</li> <li>English proficiency proof including TOEFL/IELTS/Duolingo English Test.</li> <li>High School transcripts.</li> <li>Extracurricular Involvement such as volunteer experience, achievement outside classroom and so on.</li> </ul>
Electrical Engineering and Automation (ZJU Degree)				
Computer Engineering (Dual Degrees)	3 or 3.5 academic years in International Campus, Zhejiang University, Haining, China	Tuition: CNY 200,000 Per academic year	<b>International Excellence Scholarships*</b> All international applicants will automatically be considered for the scholarship, which covers: Partial Tuition Waiver: CNY 80,000- CNY 200,000 per academic year	
Electrical Engineering (Dual Degrees)				
Mechanical Engineering (Dual Degrees)				
Civil and Environmental Engineering (Dual Degrees)				

\*Each scholarship will be reviewed annually and renewed up to 4 academic years according to the rules of ZJU.

\*For students received International Excellence Scholarships or Support Scholarships, no support will be given during the exchange at UIUC. All Tuition fees and other expenses will be paid by student during the exchange.

\*The A-level predicted results are accepted during the application process, while the formal results should be provided in order to get the final offer.

\*ZJU Degree: Bachelor of Engineering from Zhejiang University

\*Dual Degrees: Bachelor of Science from the University of Illinois Urbana-Champaign + Bachelor of Engineering from Zhejiang University
